## By Terrific Fighting Huns Retake Fresnoy

LITTLE VILLAGE CAPTURED BY CANADIANS HAS AGAIN CHANGED HANDS

### Position Changes Hands Three Times During Fighting of Tuesday; Asphyxiating Gas Shells Used

**Germans Launch Counter Attacks in Morning and Gain Foothold—Are Driven Out Again During Day—Later Huns With Two Fresh Divisions Attack Along Entire Front of Village and Wood and Secure Possession.**

After five days of terrific fighting between the Canadians and the Germans, the little village of Fresnoy, lying southeast of Lens, and the adjacent wood, are again in German hands. In the retaking of these positions, where the Canadians had stood for days holding the most advanced salient in the British line projecting toward Donai, the Germans paid a terrible price. Preceded by a heavy artillery fire, in which asphyxiating gas shells were used in large numbers, the counter attack was launched early yesterday morning. The machine gun and rifle fire of the defenders met the Germans as they threw themselves forward, but they finally penetrated the trenches northeast of the village, and even entered the outskirts of the village itself. Their tenure of the position was short lived, for the Canadians afterwards returned to the fray, drove out the Germans and again held full sway.

Reforming later, reinforced by two fresh divisions, the Germans again made an attack along the entire front before the village and wood. The right wing of the defenders held steadfast and inflicted heavy losses on the Germans. The left wing, however, despite resistance, was compelled to give ground and to evacuate the village and wood, leaving them in the hands of the Germans. Berlin claims the Germans took 200 prisoners and six machine guns.

#### French Report

PARIS, May 8.—The war office issued the following statement on the campaign tonight:

"Northwest of Soissons and the Chemin des Dames there was no enemy infantry reaction during the course of the day. The German artillery, violently counter-shelled, bombarded the Cerny-Hurebelle sector and the neighborhood of Craonne, where were grenade skirmishes east of Vauxaillon. On the rest of the front an intermittent cannonade occurred."

"During the period of May 1 to 7 our pilots had numerous combats with enemy aviators, in the course of which 25 German machines were brought down, the destruction of which was absolutely established. In addition 31 German machines, seriously hit, fell within their own lines, the greater part of them being probably destroyed."

"Our pilots, in that period, added to the number of their exploits, Captain Guyonnet gained his 37th and 38th victories. Sub-Lieutenant Nussener brought down three machines, which brought his total of enemy machines destroyed up to 24. Sub-Lieutenant Dornier brought down his 22nd machine; Captain Heurtoux his 21st; Lieut. Hirsard his 11th and 12th and Lieut. Madon his 10th."

#### FAIL TO AGREE ON BILL

WASHINGTON, May 8.—Two more conferences today on the war army bill failed to bring senate and house managers together and adjournment was taken tonight with the prospects of an agreement still doubtful.

## Heroes Named in The Casualty Lists

#### KILLED IN ACTION

Petrie, 11310 Martin St., Edmonton. Recd. 11319 60th St., Edmonton.  
E. Spies, St. Luna, Alberta.  
Lambert, Ross Creek, Alta.  
F. Hanlan, Westwood, Alta.  
E. Hales, Cooking Lake, Alta.

Previously Reported Wounded and Missing—Now Presumed to Have Died.  
McGuire, Edmonton.  
WOUNDED  
R. Gibson, Ristler St. and Ottawa Avenue, Edmonton.  
Welton, 12212 81st St., Edmonton.

#### Pte. Wm. M. Hughes

Pte. Wm. M. Hughes, reported to have been wounded April 11th, and now in a hospital in France, is the son of Mr. and Mrs. A. J. Hughes, now serving overseas with the 62nd Battalion, C.I.E., 1064th, 84th and 10th South Side, Pte. Hughes was born in Quincy, Massachusetts, Dec. 31st, 1897, and came to Edmonton in 1914. At the time of his enlistment with a local unit he was a senior in the Technical High School. He was a member of the Strathcona Baptist church and also a member of the Sunday school. He was a member of the 10th of whom are now serving the Canadian forces. After reaching the other side he was transferred to the machine gun company with which he has done fine service. His younger brother, Bruce Hughes, is serving in the Royal Canadian Naval Reserve, overseas division.

#### Pte. Leslie Clements

For the second time since going overseas with an Edmonton battalion last fall, Pte. Leslie Clements has been removed from the trenches suffering from German shell wounds. He was wounded the first time on Feb. 23rd, with shell injuries in the hip. Recovering after a period of rest in the hospital in England he returned to France to fall a second time in the storming of Vimy Ridge, being now in the military hospital at Doune, France. Private Clements is the nephew of Mr. and Mrs. Jim Clements of 1126 50th ave., having lived with them since he was a child. He came to Edmonton in 1912 from Bruce County, Ont., where he was born. His mother lives at Gainsboro, Sask., and he has a younger brother in the 202d Saskatchewan Battalion.

#### LIEUT. BARNES KILLED

Word was received Tuesday that Lieut. Wilfred Barnes, eldest son of Mr. and Mrs. R. Percy Barnes had been killed in action. Mrs. Barnes is at present the guest of Mrs. Wallace McDonald, Wadsworth road. Wilfred left Edmonton in June, 1915, as Trooper Barnes, with Major Fane's battalion and was with the major when he was wounded, and got his promotion then to lieutenant. As both mother and son are so well known in Edmonton the shock will be deeply felt.

Mr. and Mrs. R. McDonald, of 9531 107th avenue, have received a telegram announcing that their son, McIntosh, who went overseas with the 60th Canadian Highlanders, Vancouver Battalion, has been wounded and is now in a hospital in France.

### WAR REVENUE BILL FOR \$1,800,000,000 PASSES COMMITTEE

U. S. Ways and Means Committee Gives Unanimous Vote for Measure.

(By Morning Bulletin Leased Wire) WASHINGTON, May 8.—A war revenue bill, designed to raise \$1,800,000,000 by taxation during the coming year, was approved finally in the house ways and means committee late today by unanimous vote.

Chairman Kirchlin announced that the measure will be reported to the house tomorrow, to be brought up Thursday for consideration. He thinks it will be passed by the house without political division within a few days.

### MAJ. WEAVER IN HOSPITAL AT CALAIS

Is Suffering From Wounds In The Cheek and In The Groin.

(By Morning Bulletin Leased Wire) LONDON, May 8. (C.A.P.)—Among the Canadian wounded now undergoing treatment is Major C. Y. Weaver, of a well known Edmonton battalion, who is suffering from wounds in the cheek and groin.

The following are reported dangerously ill at Boulogne: Major M. A. MacPherson, shot in the right leg; Captain R. C. Lawson, wounded in right foot; Lieuts. S. C. Robertson, left arm, left thigh and compound fracture; G. E. Hocking, wounded severely; P. S. Ansell, right thigh and leg; E. S. Bisler, right leg; A. B. Christa, right fingers, slight; C. B. F. Jones, wounded in the face, slight; M. Reid, face, slight; K. P. Keeler, wounded in hand, arm, face and right leg; P. Armstrong, right knee and left foot, severe; J. F. Copp, scalp wounds, severe; Major J. C. Secord, left arm, severe.

At Calais—Major E. K. Collins, wounded in left hand, severe.

At Calais: Lieuts. A. M. West, left foot; G. T. Evans, right leg and compound fractures.

At Etaples—Lieut. C. B. Hamm, shot in the head, removed from seriously ill.

At Dunkirk Hill—Major J. D. Gunn, wounded in thigh; Captains J. W. Melkheim, right arm and back, severe; R. H. MacDonald, left leg, slight; A. V. Lahan, right arm, slight; Lieuts. F. A. Lacy, wounded in left leg, slight; M. O. Hutchison, left shoulder, slight; Lieut. C. N. Milligan, forearm.

At Rolland Gardens: Lieuts. A. R. Morley, amputated right leg and wounded in left leg.

At Enleish Gardens—Captain A. G. Pearson, shot in the chest.

At Camberwell—Lieut. C. M. G. Purchar, wounded in face and hands, discharged from hospital.

B. Youkles and W. J. Eveleigh.

At Oxford—H. H. Murray, wounded in the chest, severe.

At Newcastle-on-Tyne—Captain H. C. Wallace, wounded in leg and arm, severe; Lieut. J. C. Montgomery, abdomen, severe. Discharged and returned to duty; Lieut. S. H. Brocklebank.

Returned to England on sick leave: Lieuts. T. H. S. Bovan and W. C. Norris.

#### RALPH CONNOR MAKES ATTACK ON WILSON CABINET

Says Newspapers and Press As a System Were Suppressing Important News.

MONTREAL, May 8.—Major Charles W. (Ralph) Connor, speaking in Plymouth church, Brooklyn, New York, Sunday night, severely criticized the Wilson administration at Washington and characterized members of the president's cabinet as "incompetent." New York papers received here show. The major amazed his audience when he said that at present the nation is walking in a sleep and that unless something is done to cure this affliction, the allies would never win the war.

Major Connor criticized the president and his cabinet for "living in a cloak of invisibility." He said that the newspapers and the press as a system were suppressing important news at the request of the administration. This, he said, would result in disaster if the practice is continued, the American public was entitled to know all the news. "Unless the American people deal frankly with this situation," he said, "the allies cannot win the war."

#### BIG FIRE IN MONTREAL

MONTREAL, May 8.—Fire tonight did damage to the extent of \$50,000 to the plant of the Duchesne Shoe company, in Craig street.

### COMPULSION IS FAVORED BY VETERANS

Would Have All Able Bodied Men, 18 to 35 In Army.

WANT DIRECT TAX FOR PATRIOTIC FUND

Uniform Pensions for All Grades of Service Is Endorsed.

(By Morning Bulletin Leased Wire) CALGARY, May 8.—The Alberta Veterans' association at its meeting today went on record as favoring compulsory enlistment of all able-bodied men between the ages of 18 and 35, married men of these ages who have been married since the beginning of the war, to be accorded the same treatment. The resolution regarding uniform pensions as passed by the Great War Veterans' association at Winnipeg was endorsed.

The inadequate system of dealing with the returned veterans in Canada was protested against and the need for land settlement came in for considerable discussion. Another proposal was put forward that the government handle the payment of separation allowances, these to be paid irrespective of incomes and a motion that the voluntary system for patriotic funds collections be changed to a direct tax was unanimously carried.

The veterans also want direct representation in the provincial legislatures, not through their respective constituencies, and will ask the legislature to grant it. That veterans or dependents pay should not be stopped for patriotic purposes by the government, corporations or private enterprises was agreed upon and the plan favored of having the interest accruing on soldiers pay in England paid the veterans as soon as possible and W. A. Irwin, the representative to Ottawa was instructed to take the matter with the federal authorities.

The officers elected were: president, W. A. Irwin, Edmonton; vice president, C. S. Pingle, M.P.P., Medicine Hat; W. J. Dyson, Calgary; secretary, J. W. Mitchell, Calgary.

#### ALBERTA CASES UP AT OTTAWA

Two Suits Raising Question of Interest Act of Alberta Are Heard.

(By Morning Bulletin Leased Wire) OTTAWA, May 8.—In the Supreme Court today the argument proceeded on the two appeals from Alberta of Canada Mortgage Investment Company vs. Cameron, and from Manitoba of Standard Reliable Mortgage Company vs. Stubbs, the two cases raising the same question in respect to the interest act of Alberta. That act provides that in case of a mortgage made on the sinking fund plan or on a plan by which payments of principal and interest are blended, no interest shall be chargeable unless it contains a statement showing the principal and the rate calculated yearly or half-yearly not in advance.

The mortgages in these cases provided for payment of the principal money by half-yearly instalments and interest at 10 per cent, also payable half-yearly, both on the same dates. The trial judge held that the mortgages did not contain the statement required by the interest act and disallowed the interest.

Nesbitt, K.C., and Ford, K.C., appeared for the appellants, and G. F. Henderson, K.C., for the respondent in the Canada Mortgage case, and Lafleur, K.C., and Jones for the appellants, and Bergman for the respondent in the Standard Company case.

Judgment was reserved.

Toronto General Trusts Corporation vs. The King was next argued. The appellants are executors of one George, who at his death was domiciled in Ontario. Part of his estate consisted of mortgages on lands in Alberta. A special case was submitted to the Supreme Court of Alberta for a decision whether or not this property was subject to succession duties in that province. The court held that it was, and that judgment was affirmed by the appellate division. Hogg, K.C., and Ford, K.C., appeared for the appellants, and Lafleur, K.C., for respondent.

#### CASUALTY PHOTOGRAPHS

On account of the very heavy casualty lists The Bulletin has a large accumulation of photographs of Edmonton and North Alberta soldiers whose names have appeared in the dispatches. The pictures will be published as speedily as possible, and owners are informed that in the meantime the photographs are being safely taken care of.

### Submarine Losses For Week Shows Big Decrease

(By Morning Bulletin Leased Wire) LONDON, May 8.—A substantial decrease in the number of ships sunk during the week will be shown in the forthcoming report. It is understood the report will show the smallest losses in the past three weeks. No reason for this is given out by official sources, but it is plainly intimated that considerable progress has been made in the anti-submarine campaign. There is no guarantee that the weekly losses will not again assume alarming proportions, but the fact that they have been substantially reduced is very encouraging to those in charge of the campaign, and it is believed that the new measures to combat the underwater craft are already showing gratifying results.

### WIN-THE-WAR PARTY IN AUSTRALIA HAS GOOD MAJORITIES

National Coalition Government Has Been Sustained in Both Houses.

(By Morning Bulletin Leased Wire) MELBOURNE, May 8.—(via Reuter's Ottawa Agency.)—The final results of the commonwealth election follow:

Representatives—Liberals 35; Hughesites 15; Labor 25; Senate—Liberals 16; Hughesites 13; Labor 13.

The National coalition ministry made up of Liberals and Hughes' followers thus has majorities of 25 and 16 in the House of Representatives and Senate respectively over the Laborites. Their policy was strenuous utilizing of every resource to win the war.

### PLAN TO STOP SUB MENACE IS NO DREAM

This Is Statement of Secretary Daniels After Night Conference.

(By Morning Bulletin Leased Wire) WASHINGTON, D.C., May 8.—Hope is brightening that American inventive genius has found the road that may lead to freedom of the seas from German submarines.

A conference of unusual importance was held tonight at the home of Secretary of the Navy Daniels. It was called in order that high officials of the navy might go over, with members of the naval consulting board the experimental, already tried out, and these that are in prospect. After the conference Mr. Daniels said:

"We have gone over all the problems connected with combating the submarines, and experts of the consulting board will continue their experiments for means to eliminate the menace. I can only say this concerning their work—that their plans are no dream. They are very important and very far-reaching."

#### CHARGES SLACKNESS IN THE PAYMENTS OF SEPARATION MONEY

Dr. Clark Brings Up in House of Commons Question of Allowances.

(By Morning Bulletin Leased Wire) OTTAWA, May 8.—In the House of Commons today Dr. Michael Clark brought up the question of separation allowances to the dependents of soldiers. He said that judging from letters he had received there was a considerable degree of slackness in connection with the payments of these amounts. One letter he had received stated that when a man is posted as missing his pay is cut off for three months. People, he said, would be glad to have an assurance that no unfair distinctions are made with the making of these payments.

Sir Edward Kemp, in reply, read a memorandum describing the procedure adopted in connection with the payment of separation allowances and declared that he said that the whole matter was a very difficult subject to deal with. Hundreds of claims were received for which there was no foundation. The department of militia had much trouble with inexperienced paymasters and clerks on the regimental staffs. Much difficulty was also experienced in getting information from overseas. In other instances battalions leading short notice for over-seas would neglect to leave behind their assigned pay rolls. Many women receiving allowances would change their addresses without notifying the department. On the other hand many soldiers through ignorance or carelessness would not make application for separation allowance for dependents at home.

#### BRIG-GEN. EMBURY CHOSEN

REGINA, Sask., May 8.—Brig-Gen. Embury was chosen as candidate for Regina at a Conservative convention held here tonight. No other name was put before the meeting. In the last provincial election, Mr. Embury, as he was then, was the unsuccessful candidate.

### CONSERVATION OF SUPPLY OF GRAIN URGED

Resolution Would Stop Grain for Breweries and Distilleries.

GETS SUPPORT ON BOTH SIDES

Distilleries Furnish Material for High Explosives, Says Opponent.

(By Morning Bulletin Leased Wire) OTTAWA, May 8.—The House of Commons spent the day discussing a proposal to cut off the supply of grain by brewers and distillers, and after this was disposed of proceeded with the budget debate.

When the House met, E. B. Devlin, Liberal member for Wright, moved the adjournment in order to consider "The necessity, owing to the high cost of living and the importance of conserving all food products for the benefit of the consumers of Canada, Britain and the Empire's allies, that the government of Canada take steps under the War Measures Act to have the supply of grain to brewers and distillers immediately discontinued."

Mr. Devlin said that he brought this matter up not as a question of prohibition, but simply to urge upon the government the necessity of conserving the grain supply of the country for food. He believed that the proposal was one with which the majority of the people of the Dominion would agree.

#### Both Sides Support

Considerable support of the motion came from both sides of the House, but W. B. Northrup, ex West Hastings, strongly opposed it, declaring that "if the kaiser was a member of this House, he would vote up his hands for this proposal." He explained his statement by saying that the great majority of the distilleries in Canada are engaged in the manufacture of spirits for exportation for the Imperial Munitions Board.

Dr. Michael Clark did not favor the plan because he did not think it would result in shortening the war by ten minutes, and might deprive the farmers of Alberta of a market for their barley.

Sir George Foster thought that the discussion would do good, because it indicated the interest that is being taken in the vital question of conserving food. The matter, he said, had already been drawn to the attention of the government by other parties, and was receiving serious consideration. He emphasized the importance of the work being done by the Munitions Board in manufacturing explosives for the allies. The resolution was later withdrawn.

#### To Advocate Compulsion

General Sir Sam Hughes has given notice that at the first fitting opportunity on going into committee of supply he will move the following resolution:

"That in the opinion of this house the best interests of Canada of the Empire and of humanity, will be served by the application of the Militia Act, or by other action, to raise troops for compulsory overseas service."

The budget debate was continued by O. Turgeon, of Gloucester, and Dr. Edmunds, of Frontenac.

#### ON THE ADJOURNMENT, HON. G. P. GRAHAM INQUIRED AS TO THE TRUTH OF THE CABLED REPORT THAT HON. HUBERT ROGERS IS TO BE APPOINTED HIGH COMMISSIONER IN LONDON.

Hon. Martin Burrell, who was leading the house at the time, said he had no information in regard to the matter.

#### AGAIN DECIDES TO TAKE UP RAILS TO WEST OF EDMONTON

Government Refers Question To Sir Henry Drayton, Says Ottawa Report.

(By Morning Bulletin Leased Wire) WINNIPEG, May 8.—The Ottawa correspondent of the Winnipeg Telegram says today: Another decision has come to the Canadian government from Britain and France for more railway trackage. Another 300 miles has been called for, and the Canadian government has agreed to furnish it.

"The matter has been submitted to Sir Henry Drayton, and it is understood that he had ordered the disbanding of 300 miles of the Grand Trunk Pacific west of Edmonton, where it parallels the Canadian Northern, to provide the trackage. The demand for new railway mileage on the west front is very acute. Canada has 12,000 men building railways in France."

"It is understood that in addition to asking Canada to furnish trackage, the United States has received a similar request."

#### Where to go Tonight

Macdonald Hotel—Postponed "Win the War" Conference.  
Majesty Theatre—Sarah Bernhardt in "Jeanne Dore."

## BEHIND THE FOOTLIGHTS

What The Advance Men Say.

A DANDY BILL AT PANTAGES THEATRE.

One of the best programs of vaudeville this season is offered this week at the Pantages Theatre, with Mlle. Bianca as the featured act. The wonderful dancer, who is not only remarkable as a dancer, but who carries a scenic production and two assistants who also dance gracefully, has a record of success behind her that compares favorably with that of any dancer in the American or European continents. Besides a notable scenic production, this former premier danseuse of the Metropolitan Opera of New York prides herself on the extensive repertoire of dances she has to offer the public.

Will Morrissey is probably the most versatile chap who has come this way in many months. He plays the violin, piano, sings, chatters and extemporizes in a manner that leaves no doubt as to his many-sidedness as a performer. He is aided and abetted by Freddie Clinton, who makes an excellent foil.

Ed. F. Reynard, always original in his methods, presents a new ventriloquist turn with the scene set in a court room. The dummies, including prisoners, court orderly and judge are there, as well as a real-life theatrical manager and a real-life lawyer. The turn is greatly appreciated by this week's audiences.

Clever singers and dancers are the chief features of "Honeymoon Isle," and Alberto contributes xylophone solos and dances to open the bill. Dorothy Vaughan, who is no stranger here, offers some rather pleasant diversion in the form of various kinds of character songs.

AUTHOR HELPED MAKE GREAT FILM SPECTACLE.

The production of "The Eyes of the World" at the Empire Theatre, May 10, 11, and 12, will take up a special authority by reason of the fact that Harold Bell Wright, the author of the book which has broken all records as "best sellers," with a sale of over one million copies, had an active personal hand in the work of interpreting his characters for the screen. To do this, Mr. Wright gave up all his literary activities. Such a co-ordination of famous writer, producer and studio working force never having been known since motion pictures evolved from the novelty period to the undertaking of cinema features of many reels and the same care is put into the preparation of the greatest spectacles of the theatre.

"The Eyes of the World" is a story of California. For the film production the author has added a prologue which goes back to Boston, a generation before the opening scenes of the book and shows the origin of his characters. This is said to greatly increase interest in the people of the story.

Readers of the book will recall many scenes in the mountains that ought to provide great material for a thrilling and scenic photoplay. There is, for instance, the furious hand-to-hand combat of Rutledge and King, the rival lovers, on the precipitous cliff. As in the book, this is the major climax of the film production, and great thrills are promised in the way of thrills when this is shown on the screen.

MUCH INTEREST IN STRAIGHT VISIT.

The announcements that are appearing to the effect that Mr. Frank Spraight, the eminent English character actor, is to appear in Edmont on May 10 and 18 in his world-famous recitals of the works of Charles Dickens, is creating an immense amount of interest, and indicates a point of view to two crowded houses. To those who are not familiar with the work of Mr. Spraight, it might be well to state that he is widely known in England and the United States as the world's foremost interpreter of Dickens. He has just given his forty-eighth recital in Chicago, where he is a great favorite. He is a true Britisher in every sense of the word, and he is not for his part eyeing it he would be in front. In fact he has tried every form of the service, but was rejected as being unfit for service.

## PHOTOPLAYS

Publicity Men Tell of Current Attractions on the Screen in Local Picture Houses.

MONARCH.—And now George M. Cohan, he of the Yankee Doodle renown, has added another vocation to his remarkable career. As an actor he first gained wide fame and popularity in the American flag. Then as an author his plays and songs proved the big hits of Broadway and became as popular among the natives of Keokuk as among the Great White Way. Finally as a producer of plays he added even greater laurels to his previous fame, and now he has entered a new enterprise, something entirely different from any previous undertaking, namely the management of an immense chewing gum factory. It is not Mr. Cohan's aim to improve the "breath of a nation," as evidenced by many of the big chewing gum advertisements, but it is his idea to give the public a gum that will not only meet with instantaneous approval, but will be in great demand as a result of one of the most enormous advertising campaigns ever displayed. In order to get the best results, Mr. Cohan has over an immense chewing gum factory several months ago and personally assumed the management, but for one week only, that is, just long enough to become a chewing gum manufacturer for the benefit of the motion picture camera in connection with his first Artcraft photoplay, Broadway Jones, which is being presented at the Monarch Theatre all this week.

Marguerite Snow, the well known screen favorite, has the honor of being Mr. Cohan's leading woman in "Broadway Jones," in which she portrays the role of Josie Richards, the pretty stenographer at the Jones' gum factory, who shows the wild girl on the right path. Born in Savannah, Ga., and educated at Denver, Colo., Miss Snow became an actress at an early age. Following a notable stage career she achieved wide prominence in motion pictures, her characterization of the Countess Fudera in "The Million Dollar Mystery," being well remembered. Miss Snow makes an ideal "Josie" in "Broadway Jones."

EMPIRE.—"The Matrimaniac" with Douglas Fairbanks in the leading role, which is at the Empire Theatre for the last time today, having started a three-day run on Monday, is one that will go with all audiences, young and old, high and low, and there is not person in this city who enjoys a real, hearty laugh, who can afford to miss it. From start to finish the comedy is interspersed with thrills, not the blood-thirsty ones, but those of a gentle sort that originated with Fairbanks and contributed greatly to his popularity. "Matrimaniac" was accounted as probably the best film of its class that was ever on an Edmont screen. "American Autocracy," which followed, was also of a high standard, but "The Matrimaniac" out-distances all previous efforts of this red-blooded athlete-actor. His bounds and leaps and climbs are such that cannot be has a personality that demonstrated that life is good and growing better, and sends a message from the playhouse with a keener sense of the pleasure of living. Frank Keenan will be on the screen tomorrow for one day only in "The Sin Ye Do."

## THREE DOLLAR WHEAT.

Chicago, May 8.—May wheat sold at \$3 a bushel today, the highest price on record. It was an advance of 17c. The close was \$2.97. July wheat rose 7½c to \$2.33¾.

Rich Lamb Chops, special, per lb., 25c

## CIVIC UTILITIES HAVE MADE VERY MUCH IMPROVED SHOWING LAST YEAR OVER PREVIOUS ONES

Substantial Reductions Have Been Made in Controllable Expenditures Within Last Two Years, Says City Comptroller in Annual Report to Council—All Payments Have Been Met.

One of the most interesting features of the annual statement of City Comptroller Mount, which will be submitted to council at its next meeting, is the portion which refers to the progress of the city utilities and gives the details of the satisfactory reductions that have been made in the cost of operation with corresponding financial benefit to the city at large.

The electric light and power department shows a surplus of \$64,788.82 for 1916, and here the operation cost has been reduced 36 per cent during the last three years. The percentage of operation cost to revenue in 1914 was 73 per cent, in 1915 it was 73 per cent, and in 1916 the percentage was 57 per cent. Comparing the operation cost of 1916 (\$253,246), with that of 1914 (\$445,122.84) there is a reduction of \$191,876.84 or 43 per cent.

In the street railway the operation cost has been reduced 27 per cent, being \$446,897 in 1914, and \$329,205.50 in 1916. The result of the operations of this utility for the year is a loss of \$129,597.

For 1916 the telephone department showed a surplus of \$9,570.54. Here the cost of operation was reduced 30 per cent, in comparison to 1914. Then the cost of operation was \$59,236.35 against \$84,076.88, the cost of operation in 1914.

The waterworks department also showed a surplus for 1916, this amounting to \$24,410. There was also decrease in the cost of operation of 36 per cent contrasted with 1914. Then the cost worked out at \$173,365 while last year the figures were \$169,040. However, the reduction as given above.

In referring to another important matter the comptroller said: "Particular attention may be directed to the very substantial reduction of \$1,155,500.13 effected in the controllable expenditures during the last two years, as shown by the details submitted, and also the recommendation made that early consideration be given to the city's financial position. The situation appears to be better as to revenue and the controllable expenditure, and the warning, which

is tendered, is one which merits strict attention.

The gross debt of the city at the end of 1916, was \$25,511,074.33, but having deducted those debentures issued against the security of "public utilities" and "local improvements," and allowing for the sinking fund instalments, the net debt of the city is \$10,459,508.01.

All instalments required have been provided for, and duly paid to credit of sinking fund account, which now stands at \$3,244,101.74, and includes a surplus of \$118,540.21.

Revenue.

The total revenue for the year is \$2,586,274.07 derived from the following sources:

Departmental fees, etc.	\$ 43,888.84
Miscellaneous, rents, etc.	18,419.66
Interest and exchange	117,557.95
Street tax	117,557.95
Gas franchise, refund of expenditures from 1915	10,426.18
Surplus from 1915	100,294.78
Tax levy	2,235,126.00
<b>Total</b>	<b>\$2,586,274.07</b>

The suggestion is made that further consideration be given to a revision of the License bylaw, in order that the revenue from that source may be increased; also that "red charges be arranged for special services rendered by the streets and scavenging departments."

\$2,521.02 has been recovered from sundry accounts improperly paid prior to 1914 and further amounts approximating some \$1,500.00 have been received from this source since last January.

Revenue Surplus.

For the year under review there is shown a surplus of \$44,094.83 over and above all expenditure, which is carried forward to 1917.

Expenditure.

Continuing the reform policy inaugurated early in 1915, which brought about a reduction of \$775,047.68 in the controllable expenditures of that year, the savings for 1916, further savings amounting to \$410,452.46 have been effected, making a total reduction in the past two years of \$1,185,500.13. The following comparative statement will show where the economies have been accomplished:

	Year 1914.	Year 1915.	Year 1916.
Administration	219,952.84	117,503.23	90,713.15
Assessment and tax collection	27,881.98	26,726.40	19,744.84
Charity grants and donations	132,022.44	78,771.24	47,788.14
Health and Sanitation	331,653.06	201,812.91	170,553.37
Protection of life and property	442,505.64	347,172.23	305,518.20
Police	42,931.33	16,183.50	9,903.38
Works and other properties	126,637.17	64,112.23	64,839.86
Miscellaneous and extraordinary	61,972.54	34,016.06	25,838.09
<b>Total central administration</b>	<b>\$1,388,956.80</b>	<b>\$86,297.80</b>	<b>\$724,551.03</b>
<b>Public Utilities</b>	<b>445,122.84</b>	<b>341,639.20</b>	<b>\$333,246.09</b>
Electric light and power	330,074.46	288,068.91	\$153,130.11
Street railway	466,897.52	355,806.97	343,878.10
Telephone	59,236.35	45,447.10	42,076.88
Waterworks	188,133.78	212,115.79	169,040.21
<b>Total</b>	<b>\$1,612,465.75</b>	<b>\$1,240,077.07</b>	<b>\$991,871.39</b>

	Recapitulation.	1915.	1916.
Central Administration	\$302,659.09	161,746.77	64,405.77
Public Utilities	277,388.68	248,705.68	521,094.26
<b>Total</b>	<b>\$580,047.77</b>	<b>\$410,452.46</b>	<b>\$1,185,500.13</b>

The power house having been taken over 1st July by the Alliance Power Co., the city now only operates: "A" Electric light and power; "B" Street railway; "C" Telephone; "D" Waterworks.

"A" Electric light and power runs a surplus of \$64,788.82 as compared with \$25,760.98 in 1915, and \$10,956 in 1914. The operation cost has been reduced 36 per cent.

"B" Street railway: the result of this utility's operations is a loss of \$119,766, which is \$16,161.05 better than in 1915.

"C" Telephone: The above figures which show that three of the four utilities are now on a profit earning basis, brought about by efficient and economic management, should convince the Edmontonians that the city is in a better financial position than it was in 1914.

## LOCAL MILITARY UNITS TO CANVASS FOR RECRUITS

Outdoor Meetings Are Expected To Be Held In Spring Months.

Commencing about May 21, the local military units are going to canvass Edmonton for a week for recruits. Several outdoor meetings will be held, where prominent men are expected to speak. Street parades will be a feature of the week, and storekeepers will be asked to show recruiting posters and literature in their windows.

The 101st Regiment and the 19th Alberta Dragoons paraded last night, and had men stationed at the corner of Jasper avenue and 103rd street in an endeavor to secure recruits.

## JUDGMENT IS RESERVED IN DAMAGE CASE

A. E. Lawrence Is Claiming \$7,000 Damages For Injuries To His Wife.

Before Mr. Justice Scott the city is involved in a damage action in which A. E. Lawrence claims damages for the loss of the services of his wife at the rate of \$50 per month and costs for medical fees, also general damages for \$2,000.00. Margaret Jane Lawrence is suing for \$5,000.00 damages and costs. At the conclusion of the case yesterday afternoon judgment was reserved.

The plaintiff, Allan E. Lawrence, is a conductor on the street car, and Margaret Jane Lawrence is his wife. On or about the 19th day of January, between the hours of 6 and 7 o'clock at the corner of 101st and Jasper, Mrs. Lawrence was a passenger on one of the street cars it is claimed. It is claimed also that the defendant's servants negligently and carelessly operated the car while Mrs. Lawrence was descending and by the negligence she was severely and permanently injured, suffering severe physical, mental and nervous shock.

The defendant denies the fact that Mrs. Lawrence was a passenger on the car and further denies the fact that Mrs. Lawrence was injured and if the plaintiff was injured it was not due to the negligence of the defendant's servants. They further deny that Mrs. Lawrence has suffered physical and nervous disability and denies that Mr. Lawrence has suffered damages from the accident of his wife. In the alternative, if Mrs. Lawrence was injured it was due to the contributing negligence in that she attempted to alight from a car while same was in motion and did so at a point which she knew was not a stopping place. The case was heard yesterday, J.F.C. Brown, K.C., for the plaintiff, J.F.C. Brown, K.C., for the defendant.

## NO MASSED EXERCISES

This year there will be no big massed events for the public school children on Empire day, as has been the case in the past. The public school children will separately carry out exercises at each school, and there will be special speakers who will be asked to give addresses.

## METHODIST SUNDAY SCHOOLS OF CITY OBSERVE CENTENNIAL

Concert and Entertainment Given Last Night in McDougall Methodist Church—Appropriate Address to Occasion Is Given by Rev. Mr. Galloway of Grace Church.

The Methodist Sunday schools of the city united to celebrate the centennial of the organization of Sunday school effort in Canada, by means of a fine concert and entertainment at the McDougall church last night. An appropriate address was given by Rev. W. E. Galloway of Grace Church. There was a very large attendance and the singing by the individual and the united choirs and the work of the Sunday school orchestras was of a very high order. The program was heartily appreciated and the performers were heartily applauded. Dr. H. R. Smith was in the chair.

First on the program was a selection by the Norwood Sunday school orchestra, followed by the choir "O Canada" by the joint choirs. The Canadian anthem rose with splendid effect. Next was a fine chorus by the Rundle Sunday school choir. The Beverly school was represented by a recitation by Alex Wier and a duet by the Misses Hill. The duet was exceedingly good and the performers had to respond to an encore.

Miss Geneva Fanning of McDougall Sunday school gave a recitation which was followed by a piano duet by the Misses Jones and Swanson, of the same school. Two little ones from the Carman school gave a recitation that was warmly applauded and there was another selection by the orchestra. Miss Bernman of Calder gave a vocal solo. Then the joint choirs united in singing "Rule Britannia" and the Highlands Sunday school orchestra rendered selections. Miss Sherwin of Wesley Sunday school gave a recitation, which was followed by a trio by three ladies from the same school.

The "star drill" by eleven pupils from Eastwood school was an attractive feature of the entertainment. Twelve little girls from Riverside school sang a pretty chorus and forty ladies from the Norwood Sunday school choir appeared to good advantage. A beautiful spectacle was the building of "The Cross of Love," by eight girls from Albany avenue school. The cross, seven feet high, was constructed of blocks. While the blocks were being placed in position the joint choirs sang softly the well known hymn, "When I survey the Wondrous Cross."

Mr. Galloway in his address on the development of the Sunday school in

## CONNOR'S HILL ROAD WORK IS TO START SOON

Public Works Committee Approve of Grading, etc.—Visit Other Parts of City.

Residents of the district east of Mill creek and the Bonnie Doon Ratepayers' association who have been so keen about securing the alterations and repairs to Connor's hill road and a sidewalk across in a fair way to have their wishes gratified, as the members of the public works committee visited the district yesterday afternoon, and after considering what there was needed, decided that they would ask council to go on with the work, which has already been surveyed and estimated as to the cost.

The public works committee are a busy bunch these days. Punctually at 8 a.m., on Tuesday a start was made from the city hall, and the committee commenced its tour of inspection throughout the city, visiting the places for which applications have been made for sewer and water extensions and sidewalks. The Highlands and North Edmonton were the districts first visited, and it is probable that a sewer for the Highlands will be recommended. Then the committee went on to the neighborhood north of Alberta avenue, from whence there are requests for sidewalks. Following this the journey was extended to Westmount, to investigate an application for sewer and water, and here again the committee were favorable to the sewer being extended. Then there was a visit to the 123rd street to see whether sidewalks were necessary, and the morning's work wound up with a trip out to the Stony Plain road, where a sidewalk has been asked for.

The committee are planning to do very little in the way of building new sidewalks, only filling up on a few gaps where connecting links with existing walks are badly needed. It is not likely that any recommendation will go through for the sidewalk at Stony Plain road.

Some work will be done at Connaught driveway, where the landlisp has taken place. A recommendation will go in that a new bridge should be built across Mill creek at the Wye road, South side.

In addition to the members of the committee, the party included Commissioner Harrison, the city engineer, Streets Superintendent Alton, Acting Superintendent Fawns, of the waterworks department, and the city clerk.

## WIN THE WAR CONVENTION

A meeting of those interested in this convention is called for Wednesday evening at eight o'clock at the Macdonald hotel. Delegates will be appointed at this meeting.

The convention is to open at Montreal on the 21st May. A single fare on the railway has been secured, with the hotel rates at Montreal.

It is expected that there will be a large attendance from all parts of Canada, and the meeting of representatives from the different provinces cannot fail to be productive of lasting results. There are many problems to be solved, and not the least of these is to secure the interest of the people throughout the country in the solution of them.

If there are any amongst the citizens of Edmonton who can arrange to attend the convention, they are invited to attend this meeting. All interested in the movement are invited to be present.

## WHO WANTS THIS FARM

There is a good three roomed house, barn, chicken house, and well on small farm sixty miles from the city at the disposal of a returned soldier, who, with his family might like to take up this proposition. There are nine acres under cultivation, which is especially good for general gardening. There is plenty of wood, and a creek with good fishing on the premises. This place is just a quarter of a mile from railroad station. For particulars regarding this, apply to the secretary of the Great War Veterans' Association, Empire block, city.

## BIG LUNCHEON IS EXPECTED THURSDAY

Large Audience of Business Men and Others Expected to Hear Capt. Cameron.

What promises to be a record Rotary Club luncheon, will be held at the Macdonald Hotel, Thursday, May 10, at 12:30, when the Board of Trade, the Canadian Club and the Y.M.C.A. will unite in greeting Capt. W. A. Cameron, who is to speak on "The challenge of the men on active service to the men who serve at home." For this occasion the main dining room will be used. Those desiring tickets should secure them early, as the number is necessarily limited. They may be had at the hotel office or Young & Kennedy's and Lane's Drug Store. In the evening Capt. Cameron will tell the fascinating story of his work among the men in France as a Y.M.C.A. officer at a mass meeting in McDougall Methodist church, President Tord, of the University, will preside.

**SMALL FIRES YESTERDAY.**

Children playing with matches gave the firemen of the city three runs yesterday. In each case the children had set fire to dried grass or rubbish. The fires were at 6th and Jasper avenue, 155th and 24th streets and Albany avenue and 22nd street.

**NEGRO IS ARRESTED.**

Detective Inspector Gilliam arrested Frank, Overstreet yesterday for an alleged breach of the Opium and Drug Act. The police charge that Overstreet, who is a negro, had in his possession a quantity of morphine. He was arrested in a rooming house on 96th avenue.

## YESTERDAY WAS THE WARMEST OF SPRING

Thermometer Registered 73 Degrees in Shade at Two in Afternoon.

The maximum temperature yesterday, according to the official record, was 73 degrees at 2 p.m. This is the highest of the year, being three degrees greater than that of Sunday. The difference was that a 13-mile-an-hour wind from the southwest prevailed yesterday, while on Sunday it was practically a dead calm. The weather forecaster sees no visible end to the "warm wave."

## SOME SALES MADE TUESDAY

No Great Rush, However, For Purchase of Tax Sale Property.

Auctioneer Kenwood was not pressed too hard at the tax sale on Tuesday. Not that business was altogether bad, as some sales were made, but these were only small ones, and the day's total amounted to a very small amount, a little over \$500.

The sale will probably continue for another couple of days and then there will be another adjournment, so as to give the public a further opportunity of making up their minds if they want to acquire any city property or not.

Three lots were sold on Tuesday morning as follows: Lots 33, block 83, Industrial Centre, at \$12.02, and 34, block 83, Industrial Centre, at \$12.01; lot 33, block 26, Richmond Park, at \$31.88.

At the afternoon auction, lot 25, block 19, river lot 16, was sold at \$468.54.

## CADETS IN CITY SCHOOLS ARE INSPECTED BY MAJOR HOGBIN

Victoria High School and The Highlands School Give Some Good Exhibitions of Trench Digging and Erecting of Barbed Wire Entanglements—Girls Carry Out Physical Exercises.

During this week and next the public school cadets are being inspected by Major G. H. Hogbin, acting cadet organizer and inspector for military district 13. He is acting as substitute for Major Outhite, who is in indifferent health.

On Tuesday the cadets at Victoria high school and the Highlands were inspected, and some particularly fine work was carried out at the high school, where the special features included trench digging and the erection of barbed wire entanglements, binder twine being used by the lads in the place of the dangerous barbed wire.

In addition to the cadet inspection the girls carry out their physical exercises, also folk games.

The programme which is gone through by the cadets includes the following: Receiving the inspecting officer in line, followed by the inspection, then inspection of arms and roll call, proving the company, squad drill by section commanders, rifle drill and firing exercises by company commanders, ceremonial march past, and a tactical scheme including as many of the following features as possible:

Scouting, skirmishing, reconnaissance, company in attack, company in defence, advance flank and rear, guards and outposts. Special work—signalling, first aid, map reading, field engineering.

The inspection started on Monday at Ritchie and Westmount schools. The program for the remainder of the week is as follows:

Parkdale—Wednesday, May 9th at 9:30 a.m.

McKay avenue—Wednesday, May 9th, at 2:00 p.m.

King Edward—Thursday, May 10th, at 2:00 p.m.

Strathcona High—Thursday, May 10th, at 9:30 a.m.

Queen Alexandra—Friday, May 11th, at 9:30 a.m.

H. A. Gray—Monday, May 14th, at 9:30 a.m.

Queen's avenue—Monday, May 14th, at 2:00 p.m.

Norwood—Tuesday, May 15th, at 9:30 a.m.

McCauley—Tuesday, May 15th, at 2:00 p.m.

Alex Taylor—Wednesday, May 16th at 9:30 a.m.

Oliver—Wednesday, May 16th, at 2:00 p.m.

McDougall H. S.—Thursday, May 17th at 9:00 a.m.

## WEST EDMONTON LIBERALS ORGANIZE; J. W. HEFFERNAN IS CHOSEN AS PRESIDENT

Largely Attended Meeting, Which Included Many Ladies, Is Held In Oliver School—Addresses Are Given by Hon. A. L. Sifton and Hon. A. G. MacKay.

The Liberals of the new West Edmonton constituency organized last night at a largely attended meeting, which included a large number of women, held in the Assembly Room of the Oliver School. Officers of the association were elected, a resolution passed expressive of confidence and of appreciation in the Sifton government and short speeches were made by Hon. A. L. Sifton and Hon. A. G. MacKay.

Jon. Driscoll, as convener of the old Edmonton Liberal Association, called the meeting to order, and the election of president was the first thing on the program. There were three nominations, J. H. Lamb, J. W. Heffernan and H. W. B. Douglas. Each of the candidates was presented and spoke briefly, after which a ballot was taken which resulted in the choice of Mr. Heffernan. On the motion of Mr. Lamb, seconded by Mr. Douglas, the election was unanimous.

**Vice-presidents Chosen.**

It was voted that the number of vice-presidents to be chosen should be four, and that the first and third should be ladies. Election was determined by a show of hands, and the chair declared the following to be elected: First vice-president, Miss K. Burger; second vice-president, J. H. Picard; third vice-president, Mrs. D. McLeod; fourth vice-president, Frank Ford. C. F. Russell was elected secretary and W. J. Melrose, treasurer.

**The Premier Speaks.**

Premier Sifton, on being introduced, was received with applause. He urged the Liberal electors of the West Edmonton constituency, as being the district in which the capital was situated, to give a good example to the rest of the province and, knowing as they did,

the work done by the Liberal government, and having a first hand knowledge of its affairs, to show that they were prepared to stand at the back of the government and give it their endorsement.

"Whether the election comes sooner or later—and in the natural order of events it will probably be sooner than later—it is well to be prepared," said the premier, and the work to be done by this convention will settle for a number of years the political complexion of this constituency."

**Better Than Any Conservative Govt.**

The premier went on to declare that it was not the officers elected that night who would elect the candidate, good people thought they all were, it was absolutely essential that every man, woman and child in the constituency of West Edmonton should do his or her duty for the purpose of upholding the government. He said that he could assure his auditors that no matter what mistakes might have been made in the last 12 years, they could be satisfied with the general record of the Liberal government of the province, and at least be satisfied that it was better than any conservative government that could be chosen. That was the only choice. Among 40 or 50 Conservatives nominated there might be one or two who might make good members, but the question was whether they would support the government and liberal measures.

**The New President.**

It was at this point that the result of the balloting for president was announced, and Mr. Heffernan, the successful candidate, was called on for a few remarks. He assured the premier that West Edmonton was going to be in line behind the government, and backed the unanimous cooperation of the Liberals of the constituency with the new officers on behalf of the candidates to be nominated, promising that if they did, that candidate, whoever he might be, would be put through by a majority which would astonish the people.

**Hon. A. G. MacKay.**

Hon. A. G. MacKay admonished his hearers not to delay in arranging for the primaries and holding a convention so as to get a candidate into the field. He then proceeded to review some of the legislation passed at the recent session of the legislature. There were four cognate measures, he said, which had all worked to the same great end, namely the Equal Suffrage Act, the Dower Act, the Act dealing with the care of dependent children and the Factory Act.

Mr. MacKay dwelt particularly on the effects of the dependent children's legislation in the province, which had resulted in the placing of 2,500 children in carefully supervised foster homes instead of being sent to reformatories and treated like criminals or quasi-criminals. He also spoke at length on the Dower Act and the Factory Act, indicating the advance which they had registered in the treatment of women and industrial employees.

**Resolution of Confidence.**

On motion of Alex. Stuart, the following resolution was unanimously adopted: "That this meeting of the Liberal electors of West Edmonton hereby express their confidence in the Liberal government of the province of Alberta and their most hearty approval of the legislation introduced and carried through the legislature by the government of Hon. A. L. Sifton; and do hereby pledge themselves to do their utmost to return a supporter of his government at the ensuing election."

Votes of thanks were also passed to Chairman Jon. Driscoll for his services, and Hon. A. L. Sifton, Hon. A. G. MacKay for their addresses.

# "Canadian Northern Railway Has Enormous Possibilities and Can Be Made Self-Sustaining in Few Years" Says American Railway Experts

**Capital Invested in Property Has Been Secured Economically and Expended Wisely. Interest Rate on Fixed Capital Has Average Under 3.93 p.c. Railroad Could Not Be Duplicated For Anything Like Its Present Cost. With Proper Facilities Completed System Should Earn All Fixed Charges. Construction of Line From Hamilton to Niagara Strongly Urged.**

Ottawa, May 8.—A report that ought to be an important factor in solving one of Canada's most important railway problems has just been completed on the Canadian Northern Railway system by a special commission composed of Edward E. Loomis, president of the Lehigh Valley Railroad Co., and former vice-president of the Delaware and Western Railroad Co., and John W. Platten, president of the United States Mortgage & Trust Co.

In their investigation and study the commission had the assistance of Messrs. Coverdale & Collette, the well-known American railway engineers.

The commission was appointed on the suggestion of leading banking and financial interests in New York, and was recognized as containing the most eminent authority on railway matters that could be obtained.

For almost twelve months now the commission has been at work making an exhaustive study of the entire Canadian Northern Railway system's undertaking as a transcontinental project. In their complete report the commission deal with all the principal features of this enormous undertaking, with a view of determining the exact position of the company, its opportunities for traffic and the amount of capital to be required to complete it, with adequate equipment, terminals and connections and the earning power it should possess under normal conditions when the entire undertaking has been rounded out as a complete Canadian transcontinental system.

Throughout Canada interest in the report will center on the opportunity it affords of obtaining from outside independent experts full information regarding the Canadian Northern Railway undertaking. From this standpoint, perhaps the most important part of the report is that which deals with the cost of the railway, the terms on which the capital was secured and the present value of the system.

Dealing with the aspect of the undertaking, the commission make one of the strongest statements in the entire report when they say: "The capital now invested in the property appears to have been secured economically and expended wisely. The interest rate on the fixed capital has averaged only 3.93 per cent. In our judgment, the railroad could not be duplicated for anything like its present cost."

The report should also prove an important factor in the arrangements which the company will probably have to make in the near future for additional financing to complete the undertaking, in order that it may enjoy the full benefit of its earning power. It is now generally admitted that any financing to be undertaken by the company during the next few years will have to be arranged in New York. The present report, therefore, coming as it does from some of the foremost American railway experts, will be closely studied by American bankers and financial interests.

The report is of necessity a comprehensive one, but there are a number of outstanding features that will attract the attention of everyone interested in the railway situation in Canada, more particularly as applied to the prospects and opportunities ahead of the Canadian Northern Railway.

Even a cursory glance at the report is sufficient to indicate that the special commission has every confidence in the Canadian Northern Railway being able, in a comparatively few years, to work out its own destiny and place itself in a position of being absolutely independent by earning, under normal conditions, all interest and fixed charges on the capital invested in it.

A closer examination of the various statements and recommendations of the report convince one, at once, of the enormous possibilities of this new transcontinental line and the relative small expenditures that are now necessary, in order to enable it to obtain the benefits of its full earning power.

**Principal Features of Report.** Some idea of the confidence the members of the special commission have in the soundness of this big Canadian undertaking can quickly be gathered from a number of the conclusions reached by them after their exhaustive study and investigation. Among them are the following:

"We are unanimously of the opinion, after many months' consideration of the subject, that the Canadian Northern Railway undertaking is sound and that its soundness can be demonstrated at this time."

"In so far as the physical property is concerned, there can be no question as to the ability of the Canadian Northern Railway to meet competition, as the railway is well located and well built."

"The transcontinental main line grades over practically its entire route are the most favorable in existence, and under a normally developed traffic density the railway should operate at a ratio previously unknown and at enormous profit."

"The Pacific, Northern Ontario and eastern lines may develop more slowly, but it can be made self-sustaining and profitable under a proper program."

"The railway now has 5513 miles of line practically complete and 245 miles under construction, which will make the total mileage of the system 10,461 miles."

"While, generally speaking, the

Canadian Northern line is a more northerly latitude than the C.P.R., Northern Pacific and Great Northern, its tributary territory west of Winnipeg is quite susceptible of development and offers great inducement to settlers.

"Of the arable lands tributary to the Canadian Northern Railway System in the Prairie Provinces, less than 15 per cent is under cultivation, so that large increases in both population and traffic may be expected within a few years."

**Lines Well Located.** "The entire transcontinental main line is well located and well built. As to grades and alignment it is superior to its competitors, having been built to 0.5 per cent, westbound and to 0.4 per cent, eastbound grades. Other construction features are favorable to economic operation."

"Due to the modern character of the railway and to the fact that the property as it now exists has an operating capacity much beyond that indicated by its present revenue, the additional requirements, while essential to the completion of the system as a whole, involve comparatively unimportant expenditures when measured on the basis of present mileage or capitalization."

**Necessity of Niagara Frontier Line.**

"While these features will be considered in detail later as a part of the improvement and betterment program, yet it is deemed important at this time to mention specifically the necessity for the Niagara frontier line and car ferries. The existing inadequate transportation service via the frontier line is detrimental to Canada. The Niagara line is, therefore, greatly needed for the further development of the Dominion's facilities as a whole, as well as to connect the Canadian Northern main line with the City of Hamilton, with its St. Catharines line, with United States railroads and with the intermediate manufacturing districts."

"The construction of this line should produce profitable returns from both freight and passenger traffic, because it will afford favorable facilities for Canadian interchange not now enjoyed by certain important United States railroads."

"The commission have worked out a complete improvement and betterment program, indicating the various improvements that should be carried out and the additional equipment acquired to make the Canadian Northern completely self-sustaining. With a view of indicating just how this can be worked out, the commission have prepared what they term minimum and maximum programs of expenditure, the minimum being for three years and the maximum being for five years, and they also indicate the results of operation during the first year following the completion of these programs, as they have been estimated by the experts. This operation table shows as follows:

PROGRAM OF EXPENDITURES.		
	Maximum Five Years.	Maximum Three Years.
Estimated gross revenue during first year following completion of entire program	\$90,320,000	\$67,744,000
Estimated operating expenses, taxes and other income debits, excepting interest charges, taken at 6 per cent of gross revenue for maximum, and at 71 per cent for minimum program	55,420,000	48,008,000
Estimated net income available for interest charges	\$34,900,000	\$19,736,000
Estimated interest charges	20,250,000	10,517,000
Surplus	\$14,650,000	\$9,219,000

## CIVIC UTILITIES HAVE MADE VERY

(Continued from Page Three)

taxpayers that their utilities can be operated successfully.

**Stores and Works.** "The economy and retrenchment which has been carried out in other departments has produced marked improvement in the stores and works branch which shows a deficit of \$44,903.76, of which \$4,654.85 is accounted for by depreciation in inventory valuation of sundry materials purchased in large quantities previous to 1915."

The following summary is enlightening, indicating as it does the improvement achieved both in regard to reduction of stock and loss on operation.

	Stock on hand.	Deficit.
1913	\$48,514.93	\$1,855.34
1914	125,174.59	36,951.55
1915	96,626.80	11,934.57
1916	77,680.78	4,203.76

**Finance.** Dealing with this question the city comptroller points out that the most conspicuous feature of the general balance sheet, and one of vital importance to the citizens, is the very large amount of tax arrears outstanding: \$5,250,257.03 as compared with \$1,082,745.59 in 1913. The comptroller comments that unless more satisfactory collections may be anticipated in the immediate future, that this item must inevitably become of still more alarming proportions. The present situation may be taken as indicative of the city's monetary obligations, and its ability to undertake these; and after a careful survey based on conditions similar to those existing, the following statement is designed to give approximately the respective yearly demands over a period of five years, after taking into account all the available resources disclosed, in order to liquidate its indebtedness.

	1917	1918	1919	1920	1921
Under such circumstances, it is pointed out that the question of immediate financial requirements, and providing for these, is of supreme importance, and it is recommended that early attention be given to this matter.	\$1,700,000.00	\$2,200,000.00	\$2,000,000.00	\$1,400,000.00	\$2,000,000.00

**MRS. SCHAFER WANTED.** A letter was received by Detective Inspector Shaw from the militia headquarters in Ottawa asking to locate Mrs. William Schaefer, who is believed to live in Edmonton. She is the sister of No. 65325, Pte. L. Ferguson, who went to the front with the 24th Battalion and was killed.

**FLOUR GOES UP.** Minneapolis, May 8.—Best grades of flour advanced 50 cents more today, fancy patents being quoted at \$15.50 and first clears at \$13.50.

## AID BEING SENT BY PATRIOTIC FUND TO ELK PT. WOMAN

Every Effort Being Made To Save Life of Mrs. Arnott, Injured In Runaway.

Everything possible that can be done to save the life of Mrs. Arnott, the unfortunate woman at Elk Point who was injured by a runaway team attached to the disc which she was working, has been undertaken by the Edmonton office of the Canadian Patriotic Fund, who ordered another doctor from Vermilion and a nurse from Edmonton to proceed post haste to Elk Point to aid the local physician. The woman's husband is serving at the front and she was engaged in farming operations when the accident occurred.

Owing to her rugged health and strong constitution, hopes were entertained that her life might be saved, though she has lost an arm and an eye, and is injured in the face and other parts of her body.

Now blood poisoning has set in and though the distance is long from the homestead at Elk Point, north of the Saskatchewan, and with the nearest railway depot at Vermilion, an effort is being made to remove her to a hospital.

Mrs. Arnott was well-known in Edmonton for she resided in the city for three years and for a long time dwelt at 555 Fifth street.

## U.F.A. SUNDAY WILL BE WELL OBSERVED

U.F.A. Sunday will be celebrated at the Clover Bar Methodist church on Sunday, May 27th at 2 p.m., when the locals of Clover Bar, East Clover Bar, Agricola and Salisbury are uniting for the special service when it is expected that all the farmers of these districts will attend church. The chief speaker of the day will be H. Wood, president of the United Farmers of Alberta. He will outline the views of the United Farmers from a religious standpoint. The committee says it is deemed important at this time to mention specifically the necessity for the Niagara frontier line and car ferries. The existing inadequate transportation service via the frontier line is detrimental to Canada. The Niagara line is, therefore, greatly needed for the further development of the Dominion's facilities as a whole, as well as to connect the Canadian Northern main line with the City of Hamilton, with its St. Catharines line, with United States railroads and with the intermediate manufacturing districts.

## City Police Court

L. T. Barclay has been appointed as police magistrate for the City of Edmonton for the month of May. The appointment is understood to be a temporary one, but may be made permanent.

Mr. Barclay took his seat on the bench on Tuesday morning, when on behalf of the Alberta Bar, he received the congratulations of George Massie, while Chief Detective Shaw extended similar remarks on behalf of the city police.

There were only two cases to be dealt with and these were adjourned until the following day.

One was Fred Roberts, who was arrested by Constable J. Watson when found in charge of a rig in the lane between Jasper avenue and the MacDonald Hotel. It is alleged that there were 36 bottles of liquor in the rig. The other case was that of Ivan Fletcher, who, it is alleged, when in charge of a motor car, ran over a cyclist named Tighe on 130th street.

## WHEAT CROP OF U.S. LOWEST SINCE 1904

Washington, May 8th.—In the face of a threatened world food shortage the American wheat crop shows the lowest condition forecast since 1885 and promised a smaller yield than any other since 1904.

Agricultural conditions otherwise were good, the department announced, and it recalled that although the winter wheat crop of 1912 showed an equally discouraging outlook, the total production of crops that year was the greatest on record.

## WINTER WHEAT SHORT

Washington, May 8.—The winter wheat crop forecast today by the department of agriculture promises a production of 366,116,000 bushels, area to be harvested, 27,653,999 acres; condition 73.2 per cent of normal on May 1. Production of rye is forecast at 60,735,000 bushels.

## Two Cars Farm Machines

Two cars of machinery for the Wilson farm, 3 miles north of town, have been unloaded.—Chauvin Chronicle.

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Back-ache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. If they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. If you feel lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

## The Hudson's Bay Company

## Wednesday Will Be Remnant Day AT THE "BAY"

When all short lengths, broken lines, odd lots and odd pieces that have piled up in all departments as the result of our week long Anniversary Celebration, will be cleared out almost regardless of former price.

In our Tuesday window displays and on our counters, display tables and cases Wednesday will be shown scores of specially priced REMNANT DAY items which will mean real and substantial saving to you. Come down early Wednesday morning if possible, for, in some cases the lots are small, and will, because of the great values offered, be snapped up quickly. Be here at door opening time, 8:30 a.m.

## Boys' Odd Suits To Clear

Here you are, Mothers!—a final clearing of boys' odd Norfolk suits. These are values you will never get again. If you cannot bring the boys, come yourself. Sizes 24, 25, 26, 27, 28, 29, 33, 34. Regular \$6.50 and \$7.00. To clear to Remnant Day customers, at,

**\$3.98**

## And There's 20 Skirts at \$1.95

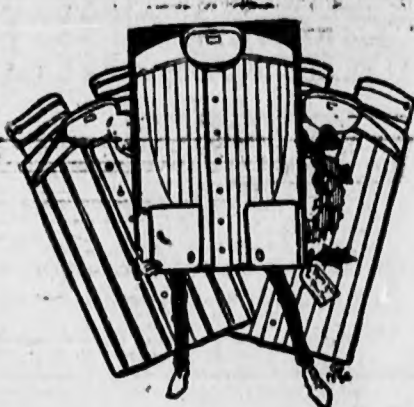

Up on floor two we'll sell handsome Spring skirts at a mere fraction of their worth. A score of women may participate in this great value. The materials are black poplin, dark tweeds, green cord velvet and several black and white check skirts. Every skirt a superb garment, well made and good style. Be early for these, Remnant day at—

**\$1.95**

## One Of Our Most Pressing Problems

Something Must Be Done to Regulate the Growing Kiddie-Kar Traffic.

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added will turn gray, streaked and faded hair beautifully dark and luxuriant. Take a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe is home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. The old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge with the tea and draw it through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

## Hotel Arrivals

Royal George

James Birtles, Osting, Wash.; P. Campbell, Wetaskiwin; Mrs. G. Noyes, Calahoo; Miss Noyes, Calahoo; H. L. Bellamy, Lamont; F. C. Davis, New Rockford, N.D.; V. Davies, Winnipeg; F. S. ## COUNTRY CLUB TO OPEN LINKS ON SATURDAY

Golf Course Now Eighteen Holes  
and Said To Be Best In  
Western Canada.

The Edmonton Country Club are to have the 18 holes in operation this year, commencing next Saturday, and as they have what is said to be the finest course in Western Canada, it is hoped that the members will take full advantage of it.

Non-shareholder members may join this year by paying a fee of \$20. In order to assist non-shareholder members in getting to the club, a slate has been placed in the club house, and members who do not own motor cars, and who wish to play on a certain date may register on the slate their names and address and the date on which they wish to play, and some member owning a motor car will arrange to take them out.

The roads are being graded this week, so that it will be possible to reach the club easily in 30 minutes.

### PITCHER NAYLOR RELEASED

PHILADELPHIA, Pa., May 8.—The Philadelphia Athletics tonight released Pitcher Roline Naylor to the New Haven team of the Eastern Association and Pitchers Hill and Smith unconditionally.

### CAPT. OLIVER REPORTED DEAD

London, May 8. (C.A.P.)—Captain A. D. Oliver, of the Manchester, reported as died of wounds, came from Alberta in 1914 and enlisted. He was a hockey player.

## In The Big Leagues

### National League

Philadelphia	6	10	.375
Washington	6	11	.352
Detroit	5	11	.313

### YANKS BEAT ATHLETES

PHILADELPHIA, May 8.—Bush was ineffective in the first two innings of today's game and New York got a lead that Philadelphia could not overcome, the final score being 4 to 2.

R. H. E.  
New York . . . 200 000 010—2 9 3  
Philadelphia . . . 011 000 000—2 9 3  
Cullup and Numamer; Bush, Mayers and Schang.

### COVELESKIE HOLDS TIGERS

DETROIT, Mich., May 8.—Stanley Coveleskie held Detroit to three hits today and Cleveland won 5 to 2. The visitors bunched hits in the last two innings to overcome a one-run lead, aided by two errors in the ninth. A heavy shower just before the first game closed made it impossible to play the second part of the scheduled double header.

R. H. E.  
Cleveland . . . 010 000 022—5 10 4  
Detroit . . . 010 001 000—2 9 3  
Coveleskie and O'Neill; Billings; Daus and Sanga.

### WHITE SOX TAKE TWO

ST. LOUIS, May 8.—St. Louis out-hit Chicago today, but through inability to hit opportunity and poor fielding lost both games. Chicago won 4 to 3 and 9 to 7. St. Louis held a lead of four runs in the fifth inning of the second game and Sothern had allowed only one hit, when the locals infield cracked and the visitors, aided by four errors, made three runs. Chicago tied the score in the sixth with two singles. Johnson's home run for St. Louis in the eighth tied the game up again, but Chicago won out in the ninth.

R. H. E.  
First game—  
Chicago . . . 012 000 010—4 6 2  
St. Louis . . . 000 001 200—3 12 2  
Scott, Cicotte, Danforth and Schalk; Davenport, Sothern, Parks, Hamilton and Severeid.  
Second game—  
R. H. E.  
Chicago . . . 000 131 202—9 10 1  
St. Louis . . . 082 000 110—7 11 5  
Williams, Benz, Russell and Schalk; Sothern, Koob and Severeid, Hale.

Boston-Washington, postponed; wet grounds.

### TRIBUTE TO JOFFRE

NEW YORK, May 8.—As a special tribute to Marshal Joffre during his present visit to this country, the New York committee of the Fatherless Children of France announced last night that it had begun a campaign to "adopt the orphans of the Marne."

## HOOK SIGN BEAT MARSHALL-WELLS

Take Two Out of Three In  
Monarch Bowling League  
Last Night.

The Hook Sign bowlers took two out of three games last night from Marshall Wells Co., in the Monarch five pin bowling league. The scores were as follows:

	Hook Sign	Marshall-Wells
W. B. Ervin	152	97
P. Franks	114	81
W. Darling	131	125
H. Smeetan	198	123
P. Kenney	97	148

Totals . . . 602 574 575—1751

### COAST PITCHER, STAR OF LAST YEAR, GOING STRONG AGAIN

"Buds" Sutherland of Tacoma  
Pitches No Hit, No Run  
Game.

TACOMA, Wash., May 8.—"Buds" Sutherland, winner of sixteen straight games last year, pitched a no-hit, no-run game today and Tacoma defeated Great Falls again 3 to 0. But four visitors reached first base and Sutherland had them at his mercy all the way. It was Tacoma's tenth straight victory. Harper, who has hit safely in every game of the season, continued his remarkable batting by getting three hits in three times at bat, one a home run over the fence.

R. H. E.  
Tacoma . . . 010 000 010—3 10 1  
Great Falls . . . 000 000 000—0 0 0  
Sutherland and Sanga.

## Sporting Facts and Fancies

Christy Mathewson's Reds have certainly run into a bunch of hard luck. Tom Griffith's arm has not been in good shape for some time; Heinie Groh still has a sore hand that only his gameness is keeping him in the field, and Bill McKee's hand is taking a long time to mend. Altogether the team feels as though it had had a hard night in the trenches.

There's no getting away from it for Freddy Welsh. He'll have to come out and fight Benny Leonard, after that redoubtable boxer put the kibosh on Ritchie Mitchell.

Mr. J. Franklin Baker, Bill Donovan's bright star of hope on the third sack, is having a slump that is making Bill grey with worry. Nover mind, Bill, J. Franklin will show them a few things before long.

This is certainly a dangerous year on all kinds of fields and the casualties in Europe are comparatively no greater than those on our own diamonds. Added to those already mentioned there is Roush who is having a hard time getting over his sprained ankle which has kept him out of the game for several weeks, much to the distress of the sorely tried Christy Mathewson and his Reds. Meanwhile Wortman of the Cubs is still nursing a broken ankle and will be laid up for several weeks more. Meanwhile Jim Thorpe, the Indian, recently acquired by Mathewson from the Giants, is showing up better than he has been for a long time. Mathewson saw promise in Thorpe and John McGraw let him go for a cash consideration which neither need regret. And then to cap it all Bill Myers and Glimboyle fielders for Brooklyn and the Yankees come along and break their shoulders in Monday's games.

Tomorrow will see the opening of the season of the Pennsylvania League, which includes teams representing the cities of Reading, York, Allentown, Harrisburg, Lancaster, Altoona, Lebanon and Johnstown. It is this league which upon its organization decided upon a salary limit of \$200 a month. The league plays 112 games, closing on September 9.

Many fistie encounters that stirred the world of pugilism have taken place on May 8. Philadelphia staged one of the most exciting fistie contests on this date in 1905 when two bouts were fought successively upon the same stage, J. Johnson being the star attraction. The latter took on Walter Johnson and in three of the swiftest rounds ever seen in any ring in that city won the victory with a knockout. Following this J. took on Joe Jeanette and while it was a no decision affair the wise ones gave the victory to J. Johnson again.

1908—This was indeed a busy day for the recorder of things pugilistic and a mighty interesting one. In San Francisco we see Stanley Ketchel in a twenty round bout with Jack Twin Sullivan. The men were very evenly matched and for a long time it was even man's battle. Finally in the twentieth round Ketchel saw his chance and knocked out his opponent. While this battle was in progress on the Pacific coast, Sailor Burke was doing his bit in New York in a fistie encounter with Kid Griffin. The sailor had easy sailing, defeating the Kid after three rounds. Over in Paris on that day and in that year they still had time and inclination to pull off fighting stunts. The occasion was the appearance of Willie Lewis as the star performer in a very mixed affair. He finished, in five rounds, no less than three opponents, one of them, Larry Conille, in one round with a knockout. Bill McKee was accounted for after two rounds and defeat overtook Jeff Thorne after the same number of rounds. Willie certainly was a hero that night.

Connie Mack still has his second-base problem on his hands. After considering the matter one way and another he has finally come to the conclusion that Otis Lavy, the college boy from Maine, is the man for the position. Anyway, he is trying him out. Meanwhile, young Grover is being held in reserve. Lavy is a fast fielder and a remarkable sprinter. Lavy is a ten-second man and uses his head as well as his feet. The only question is that of hitting. Lavy will have to show what he can do in that respect if he wants to stay on the job.

## YOUNGSTERS MAKING GOOD IN SENIORS

Nearly Every Club Has Its New  
Sensation—New Shortstops  
Making Good.

There are few clubs right now in the two major leagues who are not flashing some youngster, his first year out, in some position as a regular. The old-timers, seemingly, are taking the count collectively. There are no less than five clubs who have brand new shortstops performing regularly, and there is a horde of new regulars in the other positions.

The Reds have three new ones, all regulars. Cuto, an outfielder, and Egan and Kopf are debutantes in the charmed circle of major leaguedom and they're getting away with it. Shean is a veteran as a ball-player, but he has taken a veteran's place now in the majors. Kopf has seen major league duty, but never as a regular until he became shortstop for the Reds. Cuto is a youthful Cuban who knows how to bang the ball and play the outfield.

Risberg is the new White Sox shortstop. Fabrique has taken over the same burden for the Dodgers. Chuck Ward is in the same fix with the Pirates, and Wortman is a sensation in the shortstop for the Cubs. The Phillies and Braves have placed new comers on the bench to await developments. Both are shortstops. McGaffigan is with the Phillies and Havlings with the Braves.

There is an imposing array of new pitchers. Nearly every club has its new sensation. Joe Oeschger is trying his new spurs on for the first time for the Phillies. Urban Shocker is drawing all his pay from the Yankees this year. Cadore is a Dodger regular. Connie Mack has a whole list of them. Christy Mathewson is showing a heavy of them how he used to foot the boys.

Louis Guisto is hammering the ball and fielding like a demon at first base for the Indians. It's his first season as an honest-to-goodness big leaguer. Vic Spera's injury gave employment to a young man named Ruether at Chicago and reports give him plenty of praise.

And even with this array of minor league talent making good, Jimmy Callahan is using an outfielder at first base and is combing the bushes for a man to take his place.

Studebaker  
Established 1888

## SUPERIORITY

Considering power, mechanical details, luxury, comfort, first cost and maintenance cost—the Studebaker is supreme.

Here are some of the characteristics that have established Studebaker as the undisputed leader of all Canadian-made automobiles:

- 3 1/4 x 5 inch bore and stroke Motor—powerful, silent and economical in operation.
- Full-floating Rear Axle—full equipment of Timken bearings.
- Long, easy-riding Springs—semi-elliptic in front, 3/4 elliptic in rear.
- Studebaker-Wagner Electrical System—simple, reliable, never-failing.
- Individual, form-fitting front seats—with seat next to driver's reversible.
- Armchair auxiliary seats that disappear under tonneau seat when not in use.
- Beautiful and distinctive gun-metal finish—dignified and conservative body lines.
- Genuine, semi-glazed leather upholstery—not only genuine, but highest grade.

THE enviable reputation of McLaughlin valve-in-head motor cars is the result of right fundamentals of character in every detail.

From the matchless valve-in-head motor, right in principle to start with, to every mechanical detail—transmission, clutch, brakes, electrical system, vacuum feed and cooling—the McLaughlin of 1917 has been perfected to a degree looked for only in cars selling at much higher prices.

The new series McLaughlin consists of a complete line of fours and sixes in touring and roadster types at prices from \$895.00 up, and a new 60 H. P. 7 passenger valve-in-head touring car with a handsome double cowl body and superb refinements and appointments at \$1900 f.o.b. Oshawa. Send for a free copy of our 1917 catalogue.

### Men's Fine Shoes up to \$7.00 will Arouse Great Buying Interest at \$4.95!

THIS clearance grouping of men's fine footwear at \$4.95 is  
worthy of the attention of every man whether in need of  
new shoes just at present or not. They are a mighty good  
investment, and besides greater footwear comfort is obtained  
by changing your footwear day about, during the warm weath-  
er especially.

The grouping offers choice from eighteen or twenty dif-  
ferent shapes in button and lace styles. Dressy high  
grade that will give good service. Made of patent lea-  
thers, gun metal calf, Russian calf, and vici kid with  
Goodyear welt soles. All sizes and different widths.  
Regularly to \$7.00.  
Clearing at ..... **\$4.95**

### Another Grouping of Boys' Fine Shoes up to 6 00 for \$3.75!

And you may rest assured that once they are  
cleared it will be a long time before another  
such opportunity will present itself. For  
many lines included in this grouping can't be  
bought today for this price.

Our only justification for the greatly reduced price lies in the fact  
that the size ranges are somewhat broken, although all sizes are in  
the lot. High grade shoes in a great variety of leathers, in black or  
tan, in button and lace styles, on smart mannish lasts. Goodyear welt  
soles. Sizes 3 to 5 1/2. Regularly to \$6.00.  
Clearing at ..... **\$3.75**

**Women's 65c Lisle Thread Gloves at 49c**  
Very rarely indeed are women given an opportunity to buy a  
65c lisle thread glove right at the commencement of their  
season at 49c pair!  
They are of good quality lisle thread and a perfect fitting  
glove; have two dome fasteners, shown in white, black, gray,  
beaver and brown. All sizes 6 to 7 1/2. Regular  
65c. Special Wednesday Bargain ..... **49c**

**Women's 50c Silk Lisle Hose 3 Pairs for \$1.15**  
When women come to feel the quality they'll certainly not  
feel satisfied with a smaller purchase than the three pairs!  
An excellent Spring and Summer weight lisle thread hose,  
perfectly seamless and with 4-inch double garter top and  
double sole, shown in white and black. All sizes 8 1/2 to 10.  
Regular 50c pair. Wednesday Bargain ..... **\$1.15**  
3 pairs for ..... 20c  
Or per single pair, for Wednesday Bargain ..... 20c

### Delayed Shipments of Millinery Subjected to Bargain Day Pricing

EXCEPT for the fact that they arrived a trifle later  
than scheduled, we'll venture to say there wouldn't  
be a solitary one left for featuring as a Wednesday  
Bargain.

And we base the prediction on  
the smartness of the styles and  
their extremely moderate pric-  
ing. They are in new helmet,  
turban, tricorn and sailor shapes  
in good quality straws, in gold  
green, sand, burnt straw, and  
black, smart trimmed in tailor-  
ed effects with ribbons, etc. A  
splendid assortment from which  
to choose. Wednes-  
day Bargain ..... **\$3.95**

WEDNESDAY, MAY 9, 1917.

For your country's sake bring that spade into action!

People do not any more read the statistics sent out monthly by the Department of Labor in order to find out how fast the cost of living is going up. They have advance information on the subject, in the shape of empty pockets, shabby clothes and a less attractive family menu. The price-booster can figure faster than the Government clerks and by the time the statistics are compiled and published they are out-distanced by a new series of advances.

Sir Sam Hughes says Sir Robert Borden killed recruiting in March, 1916, by telling the Minister of Militia to go slow on recruiting as it was interfering with "business as usual." Sir Robert is entitled to be heard in his own defense before he is condemned on the unsupported assertion of Sir Sam Hughes. But what is of immediate importance is not what killed recruiting, but what is to be done to revive it. Sir Robert a month or more ago cabled his colleagues to speed up recruiting, as every available man would be needed. They have not done it, and show no evidence of knowing how to go about it to do it. It is high time Sir Robert came home and found out why, and what is to be done about it.

Sunday next is the day of the year when Canadians unite to publicly pay homage to Mother. In the far off times of peace no anniversary was more willingly observed. But, if in times of peace the tribute of our deepest respect was due the worth and service of Mother, nothing short of reverence can make fitting recognition of what we owe her now. The Mothers of the land; God bless them! What are they not enduring in these days of agony? And they suffer without complaint, fortified by a resignation that is sublime. From them comes no plea that we compromise human liberty and free civilization, make truce with savagery, and spare the lives of their boys. With hearts stricken as none other in the land, they bear unwavering testimony that there are things in life for which it is better to sacrifice what is dearer than life itself. There is something more than human in the unflinching resolution with which the Mothers of Canada, and other Allied lands, have sent their boys to die that right and not wrong may rule this world. It speaks a broader view than that of time and sense; a faith that somehow, somewhere, there is to be a final summing-up of things, in which it will not so much matter how long a man lived on this earth as what he stood for. May Mothers' Day be kept in a way worthy of them, of the self-sacrificing spirit they are showing, and of the example and inspiration they are giving to men in these days of fearful trial.

Every Canadian victory should inspire a rush for recruiting offices to fill the places of those who fell. Why doesn't it?

The increasing cost of living in Canada has passed the point of being serious. It is getting positively ridiculous and is rapidly tending to become absolutely intolerable.

Holland reports that fourteen Dutch ships granted safe conduct by Germany have reached the Hague from England. That suggests that some stupid submarine commander took Berlin's promise seriously. He is due for dismissal.

The Canadians at the front will not be stopped. They are adding victory after victory to their scroll. But, alas, their numbers grow smaller as the record lengthens. At the present furious pace the Canadian army is doomed to extinction unless means are found for speeding up recruiting, so as to replace the casualties.

Government supporters in Parliament voted down a resolution that free wheat be declared permanent. That is in keeping with the declaration of the Ministers and of most of their newspaper friends that free wheat is to be considered simply as a war measure. The way is being carefully kept open to reimpose the duty when the elections are over.

Hon. Thomas Crothers says he is watching the prices of flour and other foods go up. He has been doing that now for years, and the prices have kept on going with accelerating velocity. It ought to be apparent to Mr. Crothers by this time that the price boosters are not in the least intimidated by the fact that he is looking at them. The situation really calls for something more than watchful waiting.

The Dominion Government got suddenly excited over the wheat question on Thursday, when it was found that the British purchasing commission had out-played the wheat speculators at their own game, had bought more wheat than the speculators could deliver and was in position to "clean them out to their shoe strings." The Government forthwith began to petition the British Government to spare the speculators and accept inferior grades for the grain these gentlemen had promised to deliver. Curious, is it not, that the Government was not moved to interfere while the gamblers were forcing up the price against the British Government, and incidentally boosting the price the Canadian consumer has to pay for flour? Only when the speculative gentlemen were "stung" did the Government come into action.

## ALIEN RESIDENTS MUST JOIN ARMY

London, May 8.—In the house of commons today James Ian MacPherson, parliamentary secretary to the war office, introduced a bill to enable the king by an order in council to carry into effect conventions which may be made with allied or other states as to mutual liabilities of British scheduled subjects of citizens of other state in the military service. This bill is designed to obtain for the army British subjects living abroad and to arrange for aliens resident in England to join the armies of their respective countries.

A bill is pending in the U.S. congress permitting the recruiting of foreigners in the United States for the armies of the countries whence they have come.

## ALLIED-AMERICAN NAVIES CO-OPERATE

No Statement of Policy is Expected in Washington—U.S. Ships May Cross Seas.

Washington, May 8.—Naval co-operation between the United States and the allies against Germany is being negotiated largely in London, it was learned last night. Rear-Admiral Sims is charged to speak for the American government on the major questions of policy. No statement of naval policy is expected here. Whether American vessels will cross to the other side and help in an offensive campaign will become known only through announcement of some decisive action.

## SAFELY OVERSEAS

Ottawa, May 8.—It was officially announced today that the following troops have arrived safely in England: Battalions: 141st Rainy River, 153rd Guelph, 174th Winnipeg, Highlanders, 170th St. Catharines, 215th Brantford, 220th Toronto, 241st at Windsor, 253rd Queen University Highlanders, Royal Canadian Dragoons, Strathcona Horse, Fort Garry Horse, and Mounted Rifles. Field artillery from London, Guelph, Toronto, Kingston, Montreal and Woodstock. Heavy and siege artillery, machine gunners, signaller, medical corps, Newfoundlanders.

## ANSWERS

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of The Bulletin to the right of its ability, reserving the right to ignore all that are trifling or of concern only to the questioner. To receive attention, every inquiry must bear the name and address of the questioner. This information is not wanted for publication, but as an evidence of good faith.

**Weight of Bread.**  
To the Bulletin—Some week or two ago I wrote asking the weight of a loaf of bread and you answered in the Answers column. Then day before yesterday you published a short item giving an entirely different weight. Now I am at a loss to know which is correct. Will you please let me know?  
J. W. M. Wainwright.

The standard weight, according to the city inspector's department, is 24 ounces for each loaf.

**Pro-German Trouble.**  
To the Bulletin—(1) If one has neighbors who have strong pro-German sympathies and annoy one with their pro-German talk every time we meet what should one do? One hates to lay information against a neighbor. (2) Why are certain Swedish papers, published in the States, which are decidedly pro-German, allowed to circulate in Canada?  
G. Alberta.

(1) If the language used is of a seditious nature complaint should be made to the authorities. (2) This matter is entirely under control of the Federal government. Very likely the U. S. government will see to it hereafter that disloyal papers are suppressed.

**Cribbage Run.**  
To the Bulletin—In a cribbage game these cards were played in the following order: led by A, 3-3-1-5; B, 2-1-2-4. Will you kindly give the holes pegged by B on playing the 4.  
A. H. COLINTON.

The only run made is by B, where he plays his one and pegs three. There is no count except a go when B plays his last four.

**American Enlistment.**  
To the Bulletin—Is there any person in Edmonton arranging for the transportation to the U. S. of Americans wishing to join the U. S. army?  
F. S. HARRY HILL, Alta.

Not to our knowledge. For any information communicate with Hyatt Cox, American Consul, in Edmonton.

## LEGAL INQUIRIES

Legal questions will be answered in the columns of The Bulletin, after being submitted to The Bulletin's own legal representatives. Write on one side of the paper only. Be brief. Send stamped envelope for reply.

**Right to Vote.**  
To the Bulletin Legal Department: Will you kindly answer the following question.  
American born, not of enemy alien parentage, applies for citizenship. Will the fact that he has not received his citizenship papers, but has applied for them, deprive him from voting at coming election?  
A. H. COLINTON.

A man cannot vote until he is a naturalized citizen which means that he cannot vote until he has received the certificate of naturalization. The fact that his application has been made does not give him the right to vote.

**Pool Room Laws.**  
To the Bulletin Legal Department: Can you give me the laws regarding pool rooms in the province? How old must boys be who frequent them, and where should I go to lay a complaint?  
P. S. BRUDERHEIM.

No person under seventeen years of age is allowed in a pool room. All you need to do is to inform the police and the magistrates or justice of the peace and they will take the necessary action.

**Garnishee of Money.**  
To the Bulletin Legal Department: A owes B a sum of money. A takes a contract to build a large house and hires men to help him. Can B garnishee out of what is to be paid to A for building the house and thus deprive the men who are working for A of their wages? A has no property but what is exempted.  
G. Alberta.

B can garnishee the money coming to A and the money would have to be paid into court. The wage-earners could protect their claims by filing them with the sheriff and they would be paid first out of the money paid into court.

**Sale of Threshing Outfit.**  
To the Bulletin Legal Department: "A" sells "B" threshing outfit, and gives bill of sale for same, except for stove and cooking utensils, etc. "B" leaves goods with a farmer, with cook car trailer, etc. How can "A" legally proceed to recover his goods? "B" is not here.

2. Solicitor agreed to collect without cost to plaintiff, providing it is started. "A" sues "B." "B" pays Solicitor charges 10 per cent commission from "A." Must "A" sue solicitor now for commission?  
E. A. MARK.

"A" had better make a formal demand of the farmer for his goods. If the farmer in whose hands they are will not give them back, then sue a solicitor and have him reply. In order to collect the commission charged you will have to go to another solicitor, and bring action against the first solicitor. The cost of getting your money would probably be more than the amount, so that your chances of recovering the amount you claim would not be very bright.

**SIXTH HUNGARY LOAN**  
London, May 8.—A dispatch to Reuters' telegram company from Amsterdam says reports received there from Buda Pest are to the effect that the sixth Hungarian war loan will be issued in the middle of May. The loan will be a six per cent, state issue.

**IMPROVED SERVICE.**  
Compartment observation cars will again be put on Canadian Northern trains operating between Edmonton and Vancouver. Some time ago, these cars were taken off for thorough overhauling which has now been completed and the Edmonton travelling public will have the best that is known in railway equipment.

One of the features of these cars is the fact that it is possible to heat any one of the four compartments by drawing room without heating the remainder.

Trains leave Edmonton Tuesday, Friday and Sunday at 8:00 a.m. reaching Vancouver 5:30 p.m. the day following.

## Musical Merchandise

Victrola, Victor Records, Victor Gramophones and Sheet Music Mail orders given careful attention.  
PHONE 2458.  
Mason & Risch, Limited  
10130 101st Avenue, Edmonton.

## Bulletin's Mail Bag

Letters on subjects of current general interest will be published in this column. Each letter must be accompanied by the name and address of the writer, but such information will be treated as confidential and desired. Correspondents should remember that brevity is at all times desirable.

## DEFENDS ALIEN BORN.

Editor Bulletin:

Sirs,—Permit me to say through the columns of your valuable paper a few words in regard to the disqualification of the aliens which was alluded to by Sergt. Picard in his address at the public meeting last Friday night. Having listened to his excellent address I appreciated every statement, in fact every word he said, but when he said that the Great War Veterans' association is going to send a deputation to Ottawa with a petition asking the federal government to disfranchise the aliens this nearly paralyzed me.

I cannot see why this plank was inserted in the platform of such an honorable association. If such a thing was advisable or necessary as a war measure it should have been thought of at the beginning of the war, and not now when there is the end of it in sight.

On behalf of the Ruthenians (Ukrainians) originating in Austria, I strongly protest against this infringement of our rights by disqualifying from British citizenship. If Great Britain is fighting for liberty of all nations on earth, why should we who are sons in Canada withdraw the liberty and citizenship from her peaceful and loyal adopted sons?

No doubt the antagonists may find an off-land argument by saying—"I would Austria or Germany do with English citizens who might happen in their country now? Would they not intern them and starve them out or hang them?" Yes, they might, but would be a good and worthy example to be followed by British people? Shall we follow the example of the German chancellor who called an international treaty a "scrap of paper" and say also that all the naturalization papers granted by the Supreme Courts in Canada to thousands of foreign born Canadians during 40 years are but "scraps of paper?"

And for what offense should our citizenship be executed? Is it necessary as a war measure? Is there any serious trouble with aliens, such as espionage, signs of riots or rebellion? Nothing of the kind.

Are we to be blamed and punished for the wickedness of German and Austrian governments, which we condemned long before British people ever knew that they are as bad as they have now during this dark war? It was to get away from them that we left the old country and came to Canada.

As to the loyalty of aliens born in Austria or Germany we do not need any proofs. We read not long ago that French generals praised the bravery of German Canadian soldiers at the battle of Vimy. We know about thousands of Ruthenians, born in Austria, joined the Canadian army and are now in the trenches. They had their old accounts to settle with their native land and Austria and did not miss the chance.

Besides, the Ruthenians are doing their bit in Canada. The farmers are working with all their might and producing everything that can be raised. The laborers are employed in all Canadian industries and do the hardest and dirtiest work. Subscriptions and donations towards patriotic and red cross funds show that these aliens are not behind others. Yours truly,  
PETER SVARICH.  
Vegreville, Alta., May 8.

## NOTICE

To the Liberal Electors of East Edmonton (North of the Saskatchewan River and East of First Street).

Primaries for the election of delegates to attend a Liberal Convention at the City of Edmonton will be held at the places hereinafter mentioned at the hour of 8 p.m. sharp on the 10th day of May, 1917.

All Liberal Electors resident in the respective districts are entitled to attend the said Primaries for the purpose of electing the Delegates aforesaid.

Lady Liberal Electors are especially urged to attend.

Delegates must obtain credentials before leaving the primary, signed by both the President and Secretary of the District Association.

DISTRICT NO. 1—Bounded on the S. by the Saskatchewan River; on the W. by the City of Edmonton; on the N. by the City of Edmonton; on the E. by the City of Edmonton.

## NO RECORD KEPT OF MEN RETURNED FROM FIELD CAMP

Soldiers Who Have Not Gone To France Not Recognized in Gov't Lists

Ottawa, May 8.—At the opening of the house yesterday, Sir Edward Kemp stated in reply to F. F. Pender that no record existed in the militia department of men who had gone overseas and been returned to Canada without going to France and it was not possible to state definitely what was the cost in connection with these men.

Sir George said in answer to Mr. Buchanan that the economic and development commission was still in existence and its duties were largely advisory to the government.

Sir George Foster, in reply to Mr. Turfitt said that the intention of this government to place wheat on the free list, was not made a subject of discussion when the British offer to purchase the surplus wheat of Canada was under discussion.

Mr. Kye was informed that \$258,000 was voted in 1912 for improvements in the Fraser river channel and \$125,120 was spent on that work in 1912-13.

**Agent Made Clean-Up.**  
Sir George Foster informed Mr. Levin that an agent named Burgess in the employ of the government at Fort William in connection with grain elevator work had forged endorsements to cheques for the government elevator and disappeared. Every effort to get Burgess had been made, but so far they had been unavailable.

Mr. Levin in his question suggested that the sum secured by Burgess totalled about \$125,000 but Sir George did not confirm this.

William Gorman, of Welland, moved a resolution calling for senate reform. He described the upper chamber as "a sprig of aristocracy in a democratic system," and said he did not propose to alter that body as it now exists but he desired to change the system of constituting by making it an elective body. He condemned both political parties for not carrying out their promises regarding senate reform.

**PEACE TALK WON'T DOWN.**  
Amsterdam, May 8, via London.—In referring to the Russian government's explanation of its war aims, the Berlin Socialist newspaper Vorwaerts insists that Chancellor von Bethmann-Hollweg had no reason to postpone a definite statement of Germany's aims in the war and asks what the chancellor is waiting for. "If a frank, bold statement is made in the sense of the Russian peace formula," it says, "Russia, Germany and Austria-Hungary will stand together."

**REFRIGERATOR TIME IS HERE**  
Why Wait Until Summer Is Half Over—Buy Now!

And we would caution you not to buy a "cheap" Refrigerator—which eats up in ice more than you "appear" to save in the first cost. Our Refrigerators are dependable—keep everything sweet and cool—at a minimum cost. Prices from \$11.25 up.

**A Good Time to Buy a Hammock**

A splendid line. Made of strong material in attractive patterns. Prices from \$2.50 to \$5.85.

**BLOWEY-HENRY CO.**

## CANADIAN ARMY IS IN FINE FORM

Troops Feel Confident of Being Able to Take Any of Enemy's Positions

London, May 8.—A colonel, back from France, said that the spirit of the Canadian troops is beyond description. "One feels that the men's spirit is a thing apart," he said. "It is apparent as soon as one strikes the Canadian army. I believe that our army is irresistible and can take any position the Germans hold, and every man in the Canadian forces believes this too. 'I would like to see them last time.' They can do it. Their last feat at Fresnoy, in a war of great achievements reflects splendidly on the valor of the men and the brains of the staff. They are fortunate in being led by Sir Julian Byng. Considering the brilliant results their losses are very small. The boys in the trenches are very optimistic concerning America's part in the war."
